

Big Crowds and Fine Exhibits Made the Electric Show

The South Bend Electric Show, pronounced the best in the Middle West, was a big success because the people did their part and the exhibitors did theirs---thanks to both.

And, now that Electrical Prosperity Week is over you may well act on some of the thoughts you had at the show---make it an Electrical Christmas and Shop Early.

Most of the retail dealers in South Bend handle electrical specialties---ask for electrical specialties when doing your Christmas Shopping.

The following exhibitors at the Electrical Show---all of them electrical dealers---carry complete lines, everything that is electrical---you can buy it of them.
